## WOODHEAD COMMISSION ADVISE AGAINST PALESTINE PARTITION

### SOLUTION TO PROBLEM FOUND IMPRACTICABLE

### Conference In London To Consider Future Policy

London, November 9.

THE WOODHEAD COMMISSION ON PALESTINE advise unanimously against the adoption of the scheme of partition as outlined by the Royal Commission.

In a White Paper, the British Government state that they have reached the conclusion that further examination had shown political, administrative and financial difficulties involved in the proposal to create independent Arab and Jewish states were so great that this solution to the problem was impracticable.

The Government will, therefore, continue with responsibility of the government of the whole of Palestine.

It is clear, says the White Paper, that the surest foundation for peace and progress in Palestine will be an understanding between Arabs and Jews.

The Government is prepared to make a determined effort to promote such understanding and propose to immediately invite representatives of the Palestinian Arabs and those of neighbouring States and the Jewish Agency to confer with them, as soon as possible in London, regarding future policy, including the question of immigration.

The Government reserve the right to refuse to receive those leaders of Palestinian Arabs who are regarded as responsible for the campaign of assassination and violence.

The Government attaches great importance to an early decision.

If the London discussions do not produce an agreement within reasonable time the Government will take its own decision in the light of their examination of the problem and of the discussions in London.—Reuter.

### SMALL-POX SPREADING IN SHANGHAI

Shanghai, Nov. 9.

With small-pox spreading in the Japanese-controlled northern part of the International Settlement, the Japanese authorities are mobilising all resources in order to curb the epidemic.

Free vaccination has been ordered for the entire population of this part of the Settlement. The southern part so far is apparently unaffected.—Transocean

### CHOLERA IN REFUGEE CAMP

Hankow, Nov. 14.

It is confirmed that several cases of cholera have broken out in the refugee camp near the Han River.—Reuter.

## Royal Brothers Will Meet In Paris Hotel Friday

DUKE OF GLOUCESTER DUKE OF WINDSOR

Paris, November 9.

A meeting of the Duke and Duchess of Gloucester and the Duke and Duchess of Windsor is announced in the press.

The newspapers state that when the Duke and Duchess of Gloucester arrive in Paris on Friday by plane from Kenya, where they have been on holiday, they will go straight to a hotel where the Duke and Duchess of Windsor are staying.

It is believed, however, that the meeting will be brief and it is learned that there is no question of a party for the Royal brothers being given at the British Embassy as reported, as the Duke and Duchess of Gloucester wish to proceed to London on the same day.—Reuter.

### RECAPTURE OF CANTON

#### Counter-Offensive Developing

(SPECIAL TO THE "HONGKONG DAILY PRESS")

The spokesman of General Yu Han-mou's headquarters, General Li Hsu-kwan, disclaimed knowledge of the order alleged to have been issued by Generalissimo Chiang for the recapture of Canton within two weeks.

"The counter offensive is developing satisfactorily," stated the spokesman, "but to fix a date for the attack is impossible. It depends upon so many things. The Japanese advance northwards and westwards has been brought to a standstill.

"According to intelligence behind their lines, Japanese reserves for forcing our lines are non-existent. At the same time the annihilation of isolated garrisons of the Japanese is proceeding in a systematic manner. East Kwangtung will be cleared of their troops before long."

### SPANISH WAR PROGRESS

#### Franco's Troops' Success

Bilbao, Nov. 9.

General Franco's troops scored a surprise victory yesterday on the Segre River, in Northern Catalonia, capturing several thousand Republicans. Several special trains had to be used for the transport of the prisoners.

A political commissar is among the prisoners.

Cavalry detachments made a successful attack recapturing the part of the ground lost on Monday. Yesterday Nationalist infantry advanced simultaneously from the north and the south on the Loyalist salient.

General Franco's troops recaptured the villages of Aytona and Sosos.—Transocean.

### VALUABLE LIBRARY DESTROYED

Moscow, Nov. 9.

The valuable library of the town of Chelabinsk, containing upwards of 400,000 volumes, which included "Encyclopaedia" and other productions of the fourteenth, fifteenth and sixteenth centuries has, according to "Pravda" been destroyed, as a result, the paper puts it, of "neglect and ignorance of the authorities" who for years past had completely neglected the library, the greater part of which had been allowed to rot or had been devoured by vermin.—Transocean.

## RAILWAY BOND-HOLDERS RECEIVE HARD HIT

### British Interests Injured By Japanese Action

### "CONQUEST TROPHIES:" ANXIETY IN LONDON

(SPECIAL TO THE "HONGKONG DAILY PRESS")

London, October 29.

In financial circles, reports of the Japanese attitude towards British holders of Chinese Government Railway Bonds is beginning to cause anxiety. The management of the Peking-Mukden Railway, which has always been regarded as a gilt-edge security, because it is the only line in China which, up to date, has never defaulted in the loan service, is now entirely in the hands of the Japanese in spite of the fact that fourteen British members of the staff are still on the active pay-rolls of the railway administration.

According to the terms of the agreement between the Chinese Government and the British and Chinese Corporation, the chief engineer and general manager, as well as the chief accountant, are nominated by the British and, as such, administer the railway in conjunction with the managing director.

Reports now reaching here indicate that twelve of the fourteen members are assembled in a single room and are not allowed to carry out the functions of their offices.

The British chief accountant, it is understood, has been relegated to the position of a book-keeper, and suppliers of railway material report that cheques are being signed by the Chinese chief accountant appointed by the Japanese, whereas formerly they were signed by the British chief accountant. The traffic manager, a Briton, has been demoted to the "sinews" of "traffic adviser" whose advice is rarely followed or even sought.

Under the Shanghai-Fengching loan agreement, secured on the surplus earnings of the Peking-Mukden Line, a specified amount used to be deposited regularly every month by the Railway Administration in a bank towards the liquidation of the loan. Since the assumption of control by the Japanese, this payment has been suspended, which means that the British bond-holder has had to suffer.

**INSPECTION IMPOSSIBLE**

All revenues of the railway which, under the agreement, should be paid into the Hongkong and Shanghai Banking Corporation, are now deposited by the Japanese in the Bank of Chosen, Peking.

In the case of the Tientsin-Pukow Railway, the earnings of which are hypothecated to the payment of loan service, it has been impossible to carry out any inspection to ascertain the damage done during the present hostilities. It is stated that obstruction has been placed before the British parties interested financially, presumably on the excuse of guerilla

### SINGAPORE TO ENGLAND NON-STOP

Darwin, Nov. 9.

Squadron Leader Killett announced that the three R.A.F. record breaking bombers, on their return flight, will fly non-stop from Singapore to England.

The three machines, at present here on a tour of Australia, are leaving for Brisbane on Saturday and Sydney on Monday.

From there they will fly to Adelaide and back to Darwin.

Squadron Leader Killett said that when he landed he had 44 gallons of petrol in the tank of his machine while in the others there were 17 gallons.—Reuter.

### PROPOSED BLACK-OUTS

It is proposed to have two black-outs in the Colony to synchronise with the Combined Manoeuvres towards the end of this month.

One black-out will be pre-arranged, while the second will not be notified. During the second black-out, traffic with restricted lighting will be permitted but, during the latter part, no movement by land or sea will be permitted.

## DELIBERATE BREACHING OF YELLOW RIVER DYKES

### "Japan's Sorrow" Changes Course Entirely

Strenuous efforts are being made by the Chinese Government to save the areas abounding the Yellow River, the dykes of which were deliberately breached by the Japanese recently. Picture shows junks employed in hooping up the ends of the breaches by tipping tons of stone and sandbags into water.

(SPECIAL TO THE "HONGKONG DAILY PRESS")

Interesting information with reference to the flooding of thousands of square miles of countryside as a result of the deliberate breaching of the Yellow River dykes by the Japanese Imperial Army in order to force the Chinese troops from their positions was given yesterday to the "Hongkong Daily Press" by a Honan visitor.

Finding that, in spite of their incessant bombings, the Chinese soldiers, the majority of whom came from Kwangsi Province, could not be dislodged, the Japanese resorted to desperate tactics and began to shell the dykes, causing breaches and floods, which compelled the Chinese to leave their trenches. "True," stated the gentleman in question, "the Chinese were compelled to withdraw, but the Japanese were unable on account of the floods which they had caused, to advance."

### Local Register Scheme

#### NEW BILL BEFORE COUNCIL

The addition of several new sections to the Registration of Persons Ordinance, by which male British subjects between 18 and 55 years of age, unless exempted, will be required to furnish to the authorities full particulars concerning himself, his profession or occupation and naval, military or air force experience, is amongst the proposals contained in a new Bill for amending the existing Ordinance which will be submitted for First Reading before the Legislative Council to-day.

Persons of Chinese race and members of the regular naval, military or air forces and the police are exempted, and the Governor-in-Council may also exempt any person of member of a class of persons.

Provision is also made in the Bill for aliens resident in the Colony to furnish particulars of flying, engineering, driving and other experience.

These broad grounds, forming a local Register, will enable the authorities to call upon any person to serve in the essential services of defence forces of the Colony should the occasion arise.

## **NEW APPROACH TO THE CHINESE LANGUAGE**

### **Dr. E. Reifler's Address To Arts Association**

Illustrating a new approach to the Chinese language, Dr. Erwin Reifler, Professor of Chiatsung, University, formerly of Shanghai, spoke on the points of similarity between the Chinese language and foreign languages before the Arts Association of the Hongkong University last night.

After replying to the statements of European savants concerning the difficulty of reconciling the spoken and written Chinese, Dr. Reifler said that in Chinese writing many expressions, which are called words, are represented by two or more syllables. The written Chinese forms "composita" of all kinds.

Prof. Reifler demonstrated by means of written examples that the inventor of Chinese pictographs worked along the same lines to the inventor of foreign languages.

#### **"IMMEDIATE EXPRESSION"**

Prof. Hackman says that the first and most immediate expression of the human spirit is the language. The whole future culture, especially the thinking process, is based on this fundament.

The chief difficulty, he says, which the Chinese ideographs have caused for the Chinese, lies in the grammatical immovability connected with them. Ideographs are unchangeable. They render through their shape a definite idea unavoidably associated with every single character.

On account of these circumstances Prof. Hackman says, the Chinese language becomes extremely difficult. For grammatical shaping and rule, though usually tedious for the beginner, are an extremely valuable means for distinct and precise expression.

#### **THE DEFENCE**

In defence of the Chinese written language, I must say that Hackman and many others overlook completely that in Chinese writing many expressions which we would call words, are represented by two or more syllables. The written Chinese language forms "composita" of all kinds.

#### **JUST COMPLAINTS**

I have often had to hear the just complaints of friendly Chinese about the linguistic difficulties in the Western world. Whenever they travel to Europe they never can learn enough to make themselves understood in all parts of that small peninsula of Asia. They pointed to the fact that a knowledge of the Chinese written language makes understanding possible in the whole Far East.

### **WOMAN'S FATAL FALL IN GAOL**

An inquiry was held at the Kowloon Court yesterday, before Mr. E. Hunsworth, sitting as Coroner, and a jury comprising Messrs. W. B. Adams (foreman), S. S. Church and K. M. Omar, into the death of Chau Yuk, a 50-year-old prisoner at the "Lai-Chi-Kok" Female Prison who, it is believed, fell and fractured her skull.

Chau was found in the lavatory of a prison wardroom, from where she was removed to the infirmary, and, later on the same day, to the Kowloon Hospital. She died there on October 23, the day following.

The jury returned a verdict of accidental death.

### **COMPLAINED OF ASSAULT**

Wu, Wai-mah, 29, unemployed, appeared before Mr. J. Houston at the Central Court yesterday charged with the unlawful possession of 100 catties of wild tree wood at Blue Pool Road on Saturday and was sentenced to three months' hard labour, with the alternative of a fine of \$250.

Sub-Inspector H. G. Baker said that, when brought to the police station defendant complained of having been assaulted by two forest guards. There was no injury on his person, but his vest was torn. He refused to carry the wood to the station.

Wu had two previous convictions for similar offences.

### **SHIPPING FIRM FINED \$50**

The Messageries Maritimes, Cie. Des. were fined \$50 by Mr. H. R. Butters at the Central Court yesterday when a representative pleaded guilty to the summons for failing to send to the Commissioner of Police a complete list of every non-Chinese passenger arriving in Hongkong on October 12 by the s. s. Athos II.

Inspector H. E. Langley, who prosecuted, said that two Annamite subjects travelled on the vessel and registered with the authorities here on October 13. Messrs. Butterfield and Swire

### **ROBBERY CHARGE**

Two ex-fokis of the Ying Mei Company, tea dealers, appeared before Mr. R. Edwards at the Central Court yesterday on a charge of robbery. They were alleged to have robbed the managing partner of the firm of \$2,400 on October 28. On the application of the police, the defendants were remanded for seven days.

A third man, So Tin-cheung, unemployed, who was charged with receiving \$320, was remanded for 72 hours.

Detective-Inspector L. R. Whant is in charge of the case.

were also summoned on two similar counts. The summonses were adjourned till November 15.

## **HEROIN PILLS IN PARCELS**

### **Unemployed Caught After Chase**

Appearing before Mr. R. Edwards at the Central Court yesterday on a charge of possession of 79,472 heroin pills, Yuen Hon, unemployed, was committed to the Criminal Sessions.

Mr. John Whyatt, Crown Counsel, was in charge of the prosecution, while Mr. C. A. Sutherland Russ was for the defence.

It was alleged that early on the morning of October 26, as Hui, a park seller, was leaving his house in Jubilee Street, he saw defendant on the stairway leading to his flat. Hui was suspicious of Yuen and kicked him down several steps.

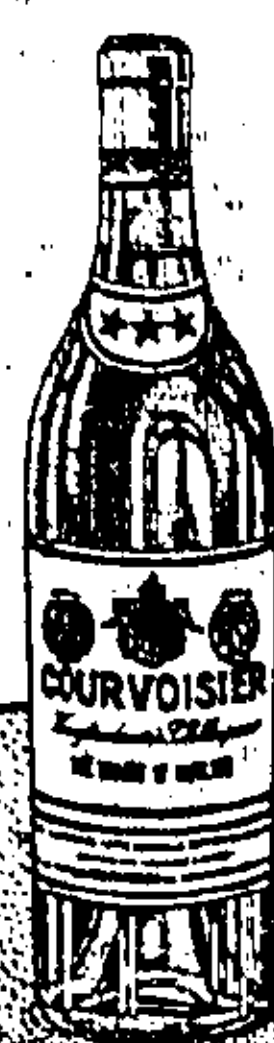

Whereupon Yuen left two parcels which he was carrying, and ran down the stairs to the street. Hui gave chase and was later joined by an Indian constable and arrested the defendant.

Yuen was taken back to the stairway and the packets were opened. They were found to contain heroin pills.

Mr. Chung Ngan, of No. 42, Bonham Strand, has reported to the police that a person entered his office, opened the safe and removed \$1,610 in cash.

# STAPLES SURPRISES

## DEVILLING THE CRAB

It is worth taking trouble to prepare an appropriate sauce which will give distinction to a dish of fish or meat.

There are certain well-known basic recipes, and by varying the flavour great variety can be attained.

Bechamel Sauce may be served plain or finished with curry powder, shell-fish, mushrooms, mustard and vinegar or cheese.

Hollandaise or Mousseline sauces are made without any flour but thickened with yolks of eggs. Care must be taken not to let these two sauces boil or they will curdle. This should not present difficulty; it is not necessary to serve this type hot but only warm.

Tartare Sauce is a mayonnaise to which chopped capers, chives, and tarragon have been added. To make Sauce Verte take a handful of spinach or watercress leaves, a little parsley, tarragon and chervil, and scald them in boiling water. Then pound them in a mortar, sieve and mix the green puree thus obtained with mayonnaise sauce.

Ravigote is a delicious sauce made as follows: Blanch a shallot and a bunch of parsley and pound them with four anchovies, tarragon, chervil and two gherkins.

Rub through a sieve and put into a saucepan. Stir in one tablespoonful of white sauce and add by degrees 2oz butter, 1 gill cream and the yolks of three eggs.

Season to taste and stir until the sauce thickens. This must not boil and is best cooked in a bain-Marie.

Sauce Provencale is good served with fish, game or macaroni. Fry lightly 2 tablespoonfuls of chopped onion and a small clove of garlic in 3 tablespoonfuls of olive oil. Add 1/2 lb mushrooms, washed and chopped. Simmer all for a few minutes.

Add 1/2 lb tomatoes peeled and chopped, 1 glass of white wine, pepper, salt and parsley. Simmer gently 25 to 30 minutes. Remove garlic. Serve very hot.

## Honolulu Galantine

Remove bones from a good-sized piece breast of veal and lay the meat open on the table. Season with pepper and salt, a little nutmeg, and some chopped parsley. Spread over it a layer of sausage meat, placing in this, at intervals, hard-boiled eggs, cut in quarters and, if liked, a few pickled walnuts. Spread another layer of sausage meat and arrange on this strips of ham or bacon and tongue. Roll up and place on a white cloth. Pin down centre of cloth carefully, and tie the ends tightly. Cook in a stew-pan with stock or water with the bones from the meat and a good plateful of vegetables carefully mashed. Bring to boil, and simmer for about 2 to 2 1/2 hours. Then tighten ends with more string, and place galantine between two boards with heavy weight on top. Remove cloth when cold, and if liked glaze with meat glaze. The stock will make an excellent soup.

## MARINE PIE

4 tbsps. fat  
3 tbsps. flour  
1 tsp. salt  
Few grains cayenne  
Few grains pepper  
2 cups milk  
1 cup tuna fish  
1 cup celery diced  
1 cup asparagus tips  
Mashed potatoes

Heat fat, add flour, salt, cayenne and pepper. Add milk and bring slowly to the boiling point, stirring constantly. Add tuna fish, celery and asparagus tips. Pour into a casserole. Cover with mashed potatoes. Bake in a hot oven till brown.

## DEVILLING THE CRAB

Those of you who like crab may care to have the recipe for devilling. So here it is.

### HOT FLAVOURS

Savoury meal served hot. Ingredients: 1 medium-sized crab, 1 pint thick white sauce, 1 dessertspoonful anchovy essence, 1 tablespoonful chutney, 1 teaspoonful vinegar, 1 teaspoonful of made mustard, 1 tablespoonful of finely chopped parsley, a little ground chilli, salt, pepper, browned breadcrumbs.

Pick the meat from the shells and put one claw aside. Mix together the white sauce, anchovy essence, chutney, vinegar, mustard, season well with salt, pepper and cayenne. Then add the crab meat, except one claw.

Clean the shell, put in the crab mixture cover lightly with browned breadcrumbs, and bake in a moderately hot oven for about 15 minutes.

In the meantime, separate the meat of the remaining claw into fine flakes, warm between two plates either in the oven or over a saucepanful of boiling water.

Remove the crab from the oven, and garnish with the flaked claw and the chopped parsley. Sufficient for four people.

### COLD WITH SALAD

Or perhaps you prefer cold crab to hot. This is a good dish.

Ingredients: 1 medium-sized crab, 1 hard-boiled egg, 1 tablespoonful of vinegar, 2 tablespoonfuls of salad oil, salt, pepper and a little ground chilli.

Empty the shells, mix the meat with the vinegar and oil and season well. Clean the large shell, put in the mixture and garnish with slices of lemon, parsley, and the egg (the yolk rubbed through a wire sieve, and the white coarsely chopped). Serve cold with salad.

## Rich Dark Chocolate Cake

1 cup shortening, 1 cup sugar, 2 whole eggs, 4 ozs. chocolate, 2 cups cake flour, 1 1/2 teaspoons baking soda, 1 teaspoon of salt, 1 cup sour milk or cream, 1 teaspoon vanilla.

(1) Grease the sides of the cake tins (layers) and cover bottoms with waxed paper and to fit exactly.

(2) Put the chocolate in top of double saucepan to melt.

(3) Cream the shortening till it is very soft.

(4) Add the sugar gradually, creaming it well into the shortening.

(5) Add one egg and beat thoroughly, then add the other one and continue beating until the mixture is quite light.

(6) Add melted chocolate and beat vigorously.

(7) Sift together the dry ingredients and add these in 3 tablespoonful proportions alternately with small portions of the milk. After adding milk mix only slightly but after adding dry ingredients beat about 10 seconds. Add vanilla just before the last addition which should be of flour.

(8) Turn into tins spreading evenly.

(9) Bake in rather slow oven 325 deg Fahrenheit for 1 hour or until cake shrinks from sides of tin.

(10) Turn on to cake-rack to cool keeping away from draughts.

## RUSSIAN SALAD

During the season of young and tender root vegetables, Salade a la Russe is a good choice for a light luncheon.

Chop up some cold tongue and some cold cooked carrots and turnips. Add any cold boiled vegetable, French beans or beetroot cut into dice are excellent. Also add some capers, sweet olives and anchovy fillets.

Mix thoroughly and add a minced shallot, a pinch of cayenne, mustard, black pepper and a sprinkling of oil and vinegar. Serve very cold.

## SALAD DRESSING

A good salad dressing is always sure of a welcome, and here is one for store that has been a favourite for years with the housewife.

The yolks of two hard-boiled eggs are first pounded to a smooth paste. Then add one teaspoonful each of moist sugar, dry mustard and salt and a little pepper.

Mix these all together, then add a tablespoonful salad oil, and when this is mixed well, put in a little more than a pint of milk or cream. Last of all add vinegar—about a quarter of a pint, more or less according to taste. This can be used at once. If it is to be kept, it should be bottled immediately.

## RIO BACK IN THE FRAY

### "Curtain Raiser" Contest

Battling Rio, the Portuguese welterweight who created a good impression in Singapore a year ago is back again, and he opened the programme against Ah Kow, the coming Chinese boy over six (3) rounds in a recent tournament. In his last two fights Rio easily defeated Harold Windsor on both occasions, the second time by the Kayo route.

In Ah Kow, Rio will have an opponent after his own heart, as this Chinese boy who hails from the Geylang district, is a rugged puncher with dynamite in either fist. Unlike many a promising youngster, he is being virtually "nursed along" in his bid for the limelight. Gradually, he is facing tougher and more noted opponents.

He has all the requisites for ring success. His body is ideally suited for a lightweight fight career. He has tremendous shoulders, husky arms and legs, a thick neck and a bulldog face. His ring style is so aggressive that he never fails to prove a crowd pleaser.

of a State bureau, believing in the value of voluntary social service, Mr. Allen-Jones added that this country was renowned for its methods of starting with expert mental social services and eventually transforming them into State or municipal bodies. "We are proud to boast in England of equality before the law as a fundamental safeguard of liberty," he said, "but equality outside the courts is not enough. It is also necessary that there should be equality outside the courts in equality of access to legal advice."

## ALLEGED £3,000 BRIBE OFFER

### Evidence By Air Ministry Official

It was suggested at Bow-street recently that a £3,000 bribe had been offered to an Air Ministry official with the object of facilitating the placing of a contract. The accused man, said to be a retired flight lieutenant, elected to go for trial.

Frederick John Sharer Short, of Park-road, Regent's Park, was charged with corruptly offering money to Alfred Basil Woodhall, a director of the company, as an inducement for doing an act in relation to the affairs of his principal, his Majesty's Secretary for Air.

William Ernest Taylor, of Malden-road, Orpington, Kent, a contract officer at the Air Ministry, said one of the firms on the contracts list was Whitehall Contractors Ltd. About Aug. 8 he was visited by Short, who introduced himself as a retired officer of the Air Force and a representative of Whitehall Contractors Ltd.

"He expressed a wish," continued Mr. Taylor, "that his firm should be invited to tender for building work in relation to Air Force expansion. I promised to look into the matter. Later the same day Short telephoned, asking me to make an appointment to meet a director of the firm."

### WAR OFFICE CONTRACTS

"This was done, and on Aug. 16 I saw Short, and Mr. Knight, a director of the company. In the presence of Short, Mr. Knight said he was executing a War Office contract for about £37,000, and that he had been invited by the War Office to tender for other contracts one being estimated at £98,000 and another at £114,000.

"I promised that suitable invitations for tenders would shortly be issued."

Sqdrn. Ldr. Alfred Basil Woodhall, now in the Directorate of Staff Duties at the Air Ministry, said that several years ago he knew Short while they were serving together in the Air Force. Continuing, he said:

"On Aug. 16 I met Short on my way back from lunch. He told

me he was connected with a firm of contractors.

"Next day he telephoned and asked me if I had any money. I promptly replied 'No'."

### "GREASING HIS PALM"

"He then said, 'Would you like to make some?' adding, 'It will be something that will not implicate you in any way. It will simply mean a matter of an introduction.'"

"He suggested an appointment at a Piccadilly wine shop at six p.m. I reported to Group Capt. Maynard the Deputy Director, and acting on his instructions I kept the appointment."

"At the wine shop he began talking about the possibility of my introducing his firm, Whitehall Contractors Ltd., to some member of the Air Ministry contract branch who would be willing to have his 'palm greased'."

"This individual, if I found him, was to be prepared to open tenders for whatever contract was being applied for by the firm so that they could put in a lower tender."

"I was told that I would probably get about £3,000 if a contract for £30,000 was placed with this firm. It was also suggested that I could probably obtain a sum for expenses with a view to entertaining the supposititious contract branch man I was to find."

### "HUNG UP THE RECEIVER"

"I said it was outside my duty, and that I knew nobody who dealt with contracts, but I would consider it."

"Next morning I reported to Group Capt. Maynard. Later the telephone rang and I told Short that the suggestion was quite out of the question. When he suggested that I should meet him again I put up the receiver."

"He has rung me up at the Ministry on several occasions since then, and I have always hung up the receiver."

Det.-Sgt. W. Bray, of Scotland Yard, said that on Sept. 21 he served a summons on Short, who, on reading it, said, 'Ridiculous! I simply asked Woodhall whom I

## CONSCRIPTION FOR MANCHUKUO

### Substitute Form Of Recruiting

Inminent reforms in the Manchukuo military system will include adoption of the conscription system of recruiting and creation of a special Korean army corps. Domr' learns from reliable quarters close to military circles.

Just when the conscription system will be announced, or what the age limit and service period will be, was not disclosed, but the Government definitely plans to substitute it for the present voluntary recruiting system. It is understood.

In view of the success attending the establishment of a special Mongol army unit in Hsianan Province, where the population is predominantly Mongolian, the Peace Preservation Department has decided to create a Korean corps in Chientao Province, under command of the Chientao Army Headquarters, along the same lines.

In a statement issued this afternoon, the Peace Preservation Department said that the strongest members of a locality are most capable of protecting it.

As Koreans comprise the major portion of the population of Chientao Province, a Korean garrison is deemed most adequate for its defence.

Koreans will be particularly well suited for border patrol duty, at which "they have displayed brilliancy both in discipline and fighting ability," the communiqué says.

Following the visit of 4,000 boys to Brooklands as the guests of Earl Howe, the British Racing Drivers' Club has offered prizes for the best self-propelled cars made by Boy Scouts.

could approach in the Ministry for a contract for Whitehall Contractors Ltd. "I have nothing to do with them really."

Short, who pleaded not guilty and reserved his defence, was allowed his own bail in £30.

## LEGAL AID FOR POOR PEOPLE

### Creation Of State Bureaux Urged

The establishment of State bureaux in industrial centres to give legal aid to poor people was advocated at Manchester recently by Mr. J. E. Allen-Jones, a Manchester solicitor, speaking on "Legal Aid for the Poor," when the provincial meeting of the Law Society continued.

"Statistics show that there is a real need for some kind of legal aid organisation in every industrial centre," Mr. Allen-Jones said. "The fact that Manchester, Liverpool and Birmingham Poor Man's Lawyer centres" give advice to a total of nearly 10,000 applicants each year is proof of this great demand.

"It seems equally clear that the choice in respect of extending facilities for legal aid lies between the extension of the present system in England and Wales and the establishment by gradual methods of the State bureaux system which appears to succeed in Sweden."

"It would be simple to organise State bureaux in a few important centres, and decide later whether or not the system should be extended."

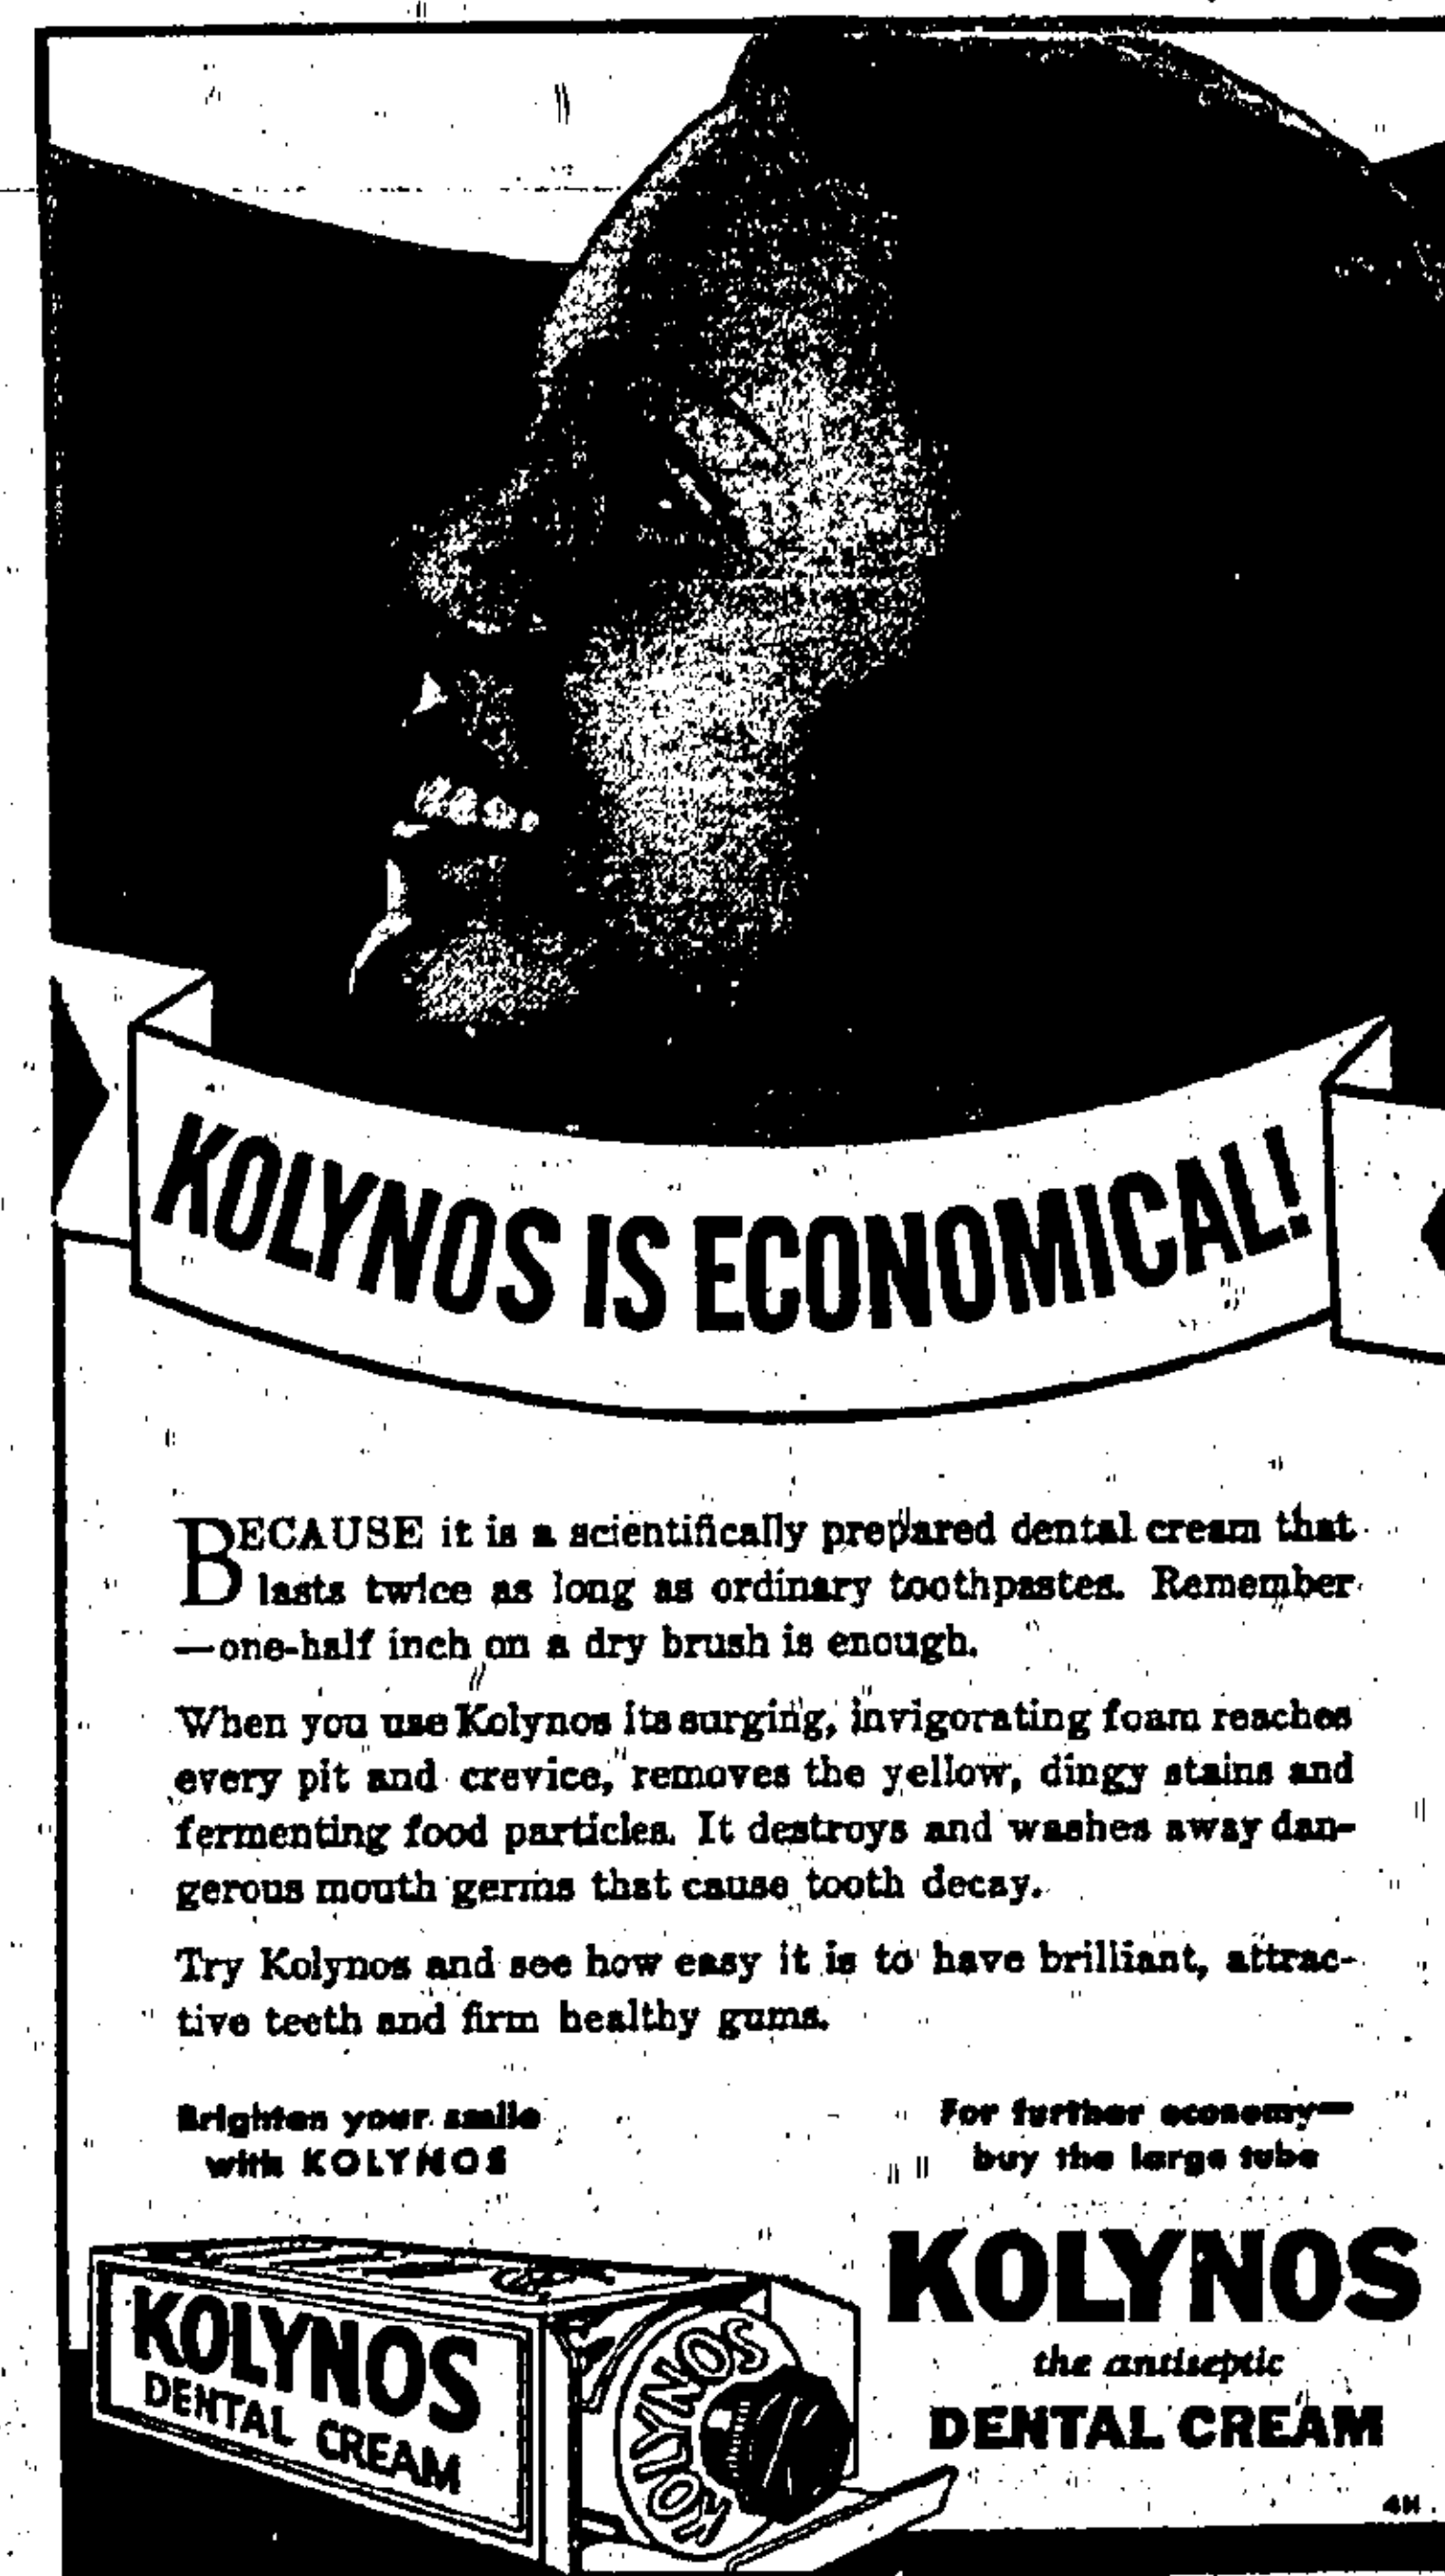

"The bureau could deal with the present work of the Poor Persons' Procedure and the Poor Man's Lawyer associations and could also act as a Public Defence Department in criminal matters, if this were thought desirable."

"The cost of such a centre," Mr. Allen-Jones continued, "after deducting the costs obtained in successful actions, would probably not exceed £1,000 per annum."

### EQUALITY IN LAW

"Supposing, eventually, 120 centres were established, the total cost of £120,000 per annum, if divided between central and local government funds, ought not in normal times to be an excessive burden on the community, and would be of enormous benefit to those too poor to obtain advice in the customary way."

Pointing out that many people would object to the establishment

## GENERAL ELECTION IN JANUARY?

According to three separate sources, one of which is inside the Conservative Central Office, and the other two as near as makes practically no difference, arrangements are in hand for a General Election to be held—if it should be decided upon—within thirteen weeks.

The idea is that if above all the Oxford by-election goes well for Mr. Chamberlain and if one or two others go reasonably well, then a General Election will be favoured.

Since the Christmas trade interferes, even after such a decision has been taken it would not be possible to hold such an election before the end of January at the earliest, probably mid-February. (The Week, Oct. 26).

The Mayor of Eastleigh, Ald. R. H. Roberts, gave first aid to a motor-cyclist, Victor Gillham, 24, of Hursley Park, Winchester, who received head injuries in a collision with a motor-car near the Mayor's home.

### THE ARMY

**ANTI-AIRCRAFT CORPS**  
Progress is being made in the raising of the three new anti-aircraft divisions, and the necessary recruits are being obtained.

The conversion of existing units to an anti-aircraft basis is in hand, and a list of these units will be announced shortly. Lieutenant-General A. F. Brooke, C.B., D.S.O., Commander of the Anti-Aircraft Corps, is working from Bentley Priory, Stanmore.

Of the new divisions, the 3rd has its headquarters in Edinburgh, the 4th at Chester, and the 5th at Reading. The 5th Division includes units in Cornwall, Hampshire, the Isle of Wight, Carmarthenshire, Devon, and Dorset.

### RETURN TO ADEN

Lieutenant-Colonel C. C. Russell, M.C., R.A., has left London to resume command of the coastal and anti-aircraft guns in Aden and as Officer Commanding British Army troops.

### ROYAL AIR FORCE SQUADRON LEADER P. C. WOOD.

The retirement is announced at his own request of Squadron Leader P. Cundie Wood, Assistant Air Attache at Santiago since June, 1935. He is 47, and has had 22 years' service in the R.N.A.S. and R.A.F.

### FLYING TRAINING IN EGYPT

The equipment of No. 4 Flying Training School at Abu Suhr, Egypt, is being supplemented by 10 Avro Anson twin-engined monoplanes such as have been employed during the past three years in the new general reconnaissance squadrons at home.

The machines are being sent out in two flights of five, proceeding via Marseilles, Rome, Malta, Benghazi, and Mersa Matruh.

They will be employed in the training of pilots in the Middle East Command, which has recently received Bristol Blenheim twin-engined bombers and other modern aircraft in place of older types.

## Air Rally In Singapore

Planes zoomed and roared over the Civil Airport recently, as they participated in the biggest air rally yet to take place in Singapore. There were huge crowds of interested people present, and there were thrills galore.

An inspiring scene was the arrival of the R.A.F. and S.V.A.F. planes, as they swept over the Airport in perfect formation, landing on the left side of the aerodrome.

Immediately afterwards a sea-plane leap into the sky from somewhere behind the Royal Singapore Flying Club. It was piloted by Mr. J. Sale, and for 15 minutes, he held the crowd in suspense as he looped, dived, rolled and swerved in breath-taking stunts across the sky.

### LOUD CHEERING

Loud cheering rent the air when he landed, and then Mr. D. E. Milson took off to perform aerobatics.

He climbed his plane to a dizzy height, and then dived with ever-increasing speed. The crowd gasped as he pulled out of the dive, and shot upwards again in a perfect loop.

Climbing again to a great altitude, he performed the "falling leaf," slipping the plane gracefully from left to right in long diagonal sweeps.

Inter-club balloon bursting was the next item—a feat which looked a great deal simpler than it really was.

Five clubs competed in this event and they were, the Royal Singapore Flying Club, the Kuala Lumpur Flying Club, the Penang Flying Club, the Perak Flying Club and the Island Flying Club.

### EXCITING EVENT

This event was exciting. As gas-filled balloons rose quickly into the air, the planes climbed after them, and attempted to burst them by collision. Singapore won this event, the pilot being Mr. J. Sale.

Mr. A. Newark, renowned for his crazy flying, performed wonderful feats with a Moth.

## OLD-STYLE DRILLS FOR RECRUITS

### Part In Ceremonial Parades

Orders have been issued to units to make arrangements for Army recruits to be instructed in the old style of drill so that they can take part in battalion ceremonial parades.

This means that in future there are to be two types of drill—the old type of "formation in fours" and the new type of "formation in threes" to accelerate movement.

Field drill is to be the normal training of the soldier. Everything is to be subordinated to that at the depot and in the battalion. But the traditional fours formation will be retained for ceremonial drill, and battalion instructors are to see that the men are familiar with the movement of which fours form the basis.

Up to the present recruits at infantry depots have received instruction in the new field drill, and when they joined their units they had no knowledge of the old type of drill, and were unable to take part in ceremonial parades carried out within the battalion.

**FORMALITIES ELIMINATED**  
The main features of field training drill for rifle battalions are that it speeds up movement and eliminates all the formalities of ceremonial dressing and "covering off" when parade is ordered.

The men "fall-in" in three instead of fours. This appears to be a comparatively slight change, but its effect is to accelerate movement by eliminating superfluous commands. The time factor is all-important in manoeuvre.

There is greater flexibility in a parade in threes, and deployment is carried out with ease. The soldier is less of an automaton. He is encouraged to use initiative and to rely less on commands.

But the fours formation is essential for ceremonial. Mechanisation has considerably curtailed the "pomp and circumstance" of earlier years. The view is held, however, that it is not advisable to eliminate all ceremonial ritual.

## SUDAN "SHOTS" FOR "FOUR FEATHERS"

The 34 remaining members of London Film Productions' unit working on "The Four Feathers" left England in the P. and O. liner Mooltan for Port Said recently. Scenes in the play, which is based on A. E. W. Mason's book "The Four Feathers," are to be "shot" in the Anglo-Egyptian Sudan.

The party included Jack Cardiff, a technicolour cameraman, and his wife, Mr. Cardiff first met his wife in Egypt, and proposed beside the Pyramids at 3 a.m. They were married a month ago.

Only John Clements and Ralph Richardson, the two principals of "The Four Feathers," remain in England. Mr. Richardson will probably fly direct to the Sudan. Mr. Clements and his wife will travel overland next week to join the Mooltan at Marseilles.

Alec Waugh, who is in charge of the party, has been promised the co-operation of the War Office and the help of the Governor-General of Anglo-Egyptian Sudan, Sir George Symes. Six officers and 250 other ranks of the 1st Bn. the East Surrey Regt. are to camp two miles east of the Nile and five miles south of the Sabaloka Gorge.

A detachment of Royal Engineers with three-ton lorries from the Sudan Defence Force will provide a water supply. Ten gallons of water a day are allowed to each man, and tanks holding 2,500 gallons are being installed.

The troops, with 500 members of the Camel Corps and 4,000 natives, will take part in scenes representing Kitchener's campaign.

## KING'S MESSAGE TO RECORD BREAKERS

London, Nov. 9.  
A telegram from the King received by the Secretary for Air says: "Please send my sincere congratulations to the pilots and crews of the three long-range Wellesley bombers on their successful flight from Egypt to Australia. It is a source of deep satisfaction to me to know that men and machines of the R.A.F. have been able to establish a world record for long distance flying."—British Wireless.

Both the accused denied using the hunting crop, declaring that they only slapped the child with their bare hands, but the chairman, Mr. W. E. Payne, said the Bench was of opinion that it was a case of revolting cruelty.

### PUPILS OBJECT TO A WOMAN "HEAD"

Schoolchildren and their parents at Hackney Wick are protesting against the appointment of a woman as head of the Berkshire-road senior mixed school, an appointment which, it is claimed, is without precedent.  
Separate petitions to the L.O.C. from parents and scholars are planned. Miss Spender, who is headmistress of a girls' school at Stoke Newington, has been appointed to the post.  
The Berkshire-road school is undergoing structural alterations and will be opened as a senior mixed school next month. The pupils will be boys and girls up to the age of 15.  
There will be more girls than boys at the school and many of the older boys fear that under a headmistress the sports record, of which the school has been justly proud, will suffer.

## COMMONS DEBATES KING'S SPEECH

Historic Character  
Of U.S. Visit

### LIBERAL ACCUSATION

London, November 9.

Reference to the historic character of the visit to the United States next year of the King and Queen was made by the Prime Minister, Mr. Neville Chamberlain, speaking in the House of Commons debate on the King's Speech yesterday.

"The visit of the King and Queen to Canada next summer will be a truly historical occasion, because never before has any Dominion been privileged to welcome on its own soil the reigning Sovereign in person," said the Premier. "The visit will afford a notable illustration of the special part Their Majesties take in the life of the British Commonwealth."

"The decision of Their Majesties to take the opportunity provided by their presence in Canada to pay a short visit to the United States is also of outstanding importance. It is the first time a King and Queen of England have set foot on the land of great democracy which, for the past 150 years, has played so increasingly important a role in the history of the world and has contributed so much in politics and economics, in commercial enterprise and in culture, to the progress of the human race."

"Their Majesties, who a few months ago succeeded in winning for themselves a permanent place in the affections of the French people, will know when they cross the frontier that they carry with them a warm message of goodwill from the people of these islands to the Great Republic in the New World," said Mr. Chamberlain.

The Premier went on to deprecate the tendency to interpret the frank report by Ministers of inadequacies in defence arrangements as an admission that plans for defence were an entire failure or would have broken down if put to the test. The House, he said, might depend upon it that defects existed in the defence systems of all countries, although they did not hear so much about them.

**TRADE AND EMPLOYMENT.**  
The proper function of government in relation to trade and employment was to try to create conditions under which industry itself could carry on with confidence and success, said Mr. Chamberlain. To that end, the policy of the Government had been consistently directed. He instanced the Ottawa Agreement and a number of trade agreements with various foreign countries. That policy was still being developed.

He expressed the hope that the fall in the prices of primary com-

modities had been arrested and that, with the general easing of political conditions, they would see the recession they had had to face this year pass away and be succeeded by an upward trend.

### NO CONSTRUCTIVE PLAN

The Opposition Leader Mr. C. R. Attlee, criticised the King's Speech as giving no indication of a really constructive programme and expressed regret in particular at the absence of any reference to the trade agreement with the United States. He also thought it characteristic of the complacency of the Government that there was no mention of unemployment. The Opposition, he said, felt the foundation of national strength was the condition of the people and a sound policy of nutrition was the basis of that condition.

### LIBERAL CHARGE

The Liberal leader, Sir Archibald Sinclair, said that it was vital to achieve national unity on foreign policy but the absence of reference in the King's Speech to the League of Nations hardly encouraged the hope that the Government's policy was one, which would secure the firm and unreserved support of the country as a whole. He declared that the Government needed to reassure the country that it intended to preserve and protect its liberties and criticised the recent uses of the Official Secrets Act against journalists and others and in unofficial censorship of news films.

"There is another interference with our political liberties to which I wish to draw attention," continued Sir Archibald Sinclair. "It is the interference of a head of a foreign state in our domestic policy. I hope the Prime Minister will take an early opportunity of repudiating that interference." The general debate on the Address will be resumed to-day and it is likely that the formal Labour Amendment will be moved on Thursday.—British Wireless.

### TRIP SPECULATION

London, Nov. 9.  
Reports current in Washington that the Prime Minister may accompany the King to the United States next year are regarded in London as pure speculation.

Well-informed quarters state that it is considered very unlikely that the Prime Minister can be absent from the country for the length of time required.—Reuter.

## FIGHT AGAINST CANCER

Nation-wide Drive  
Promised

London, Nov. 9.

The Minister of Health, Mr. Walter Elliot, announced yesterday that the Government would introduce a bill in the present session for the establishment of cancer service, making available modern facilities for its diagnosis and treatment over the whole of the country.

Mortality rates from cancer, said Mr. Elliot, have been rising steadily for many years, and the disease caused nearly 70,000 deaths a year in England and Wales alone, and an incalculable amount of suffering.—Reuter.

### HINES TRIAL POSTPONED

New York, Nov. 9.

The re-trial of James Hines, former Tammany leader, on a charge of receiving bribes in return for giving political protection to the murdered gangster, Dutch Schultz, which was to have begun on Monday, has been postponed indefinitely.—Reuter.

## P. I. Election Disturbances

POLICE CHIEF  
KILLED

Manila, Nov. 9.

A number of disturbances, including the killing of the police chief of Samar province and the cutting of telegraph and telephone communications, feature to-day's biennial elections to the National Assembly.

Three hundred constabularymen have been engaged in a three-day battle with an equal number of so-called religious fanatics in Iloilo province. This fighting, which is not connected with the elections, has resulted up to date in two soldiers and ten fanatics being killed and many of the latter wounded.—Reuter.

## DEATH OF FRENCH ENGINEER

PLANNED SHANGHAI  
CONCESSION

Shanghai, Nov. 9.

Joseph Julien Chollet, famed engineer, died here yesterday at the age of 77.

He came to the Orient in 1861 as one of the French engineers to help in the building of Port Arthur, for work on which he was decorated by the Russian Imperial Government.

Chollet also assisted in construction work in Tsingtao and laid out a great part of Shanghai's French Concession, for which he was awarded the Cross of the Legion of Honour.  
His son, Mr. P. Chollet, who is in business here, survives him.—Reuter.

## BRILLIANT WEDDING AT SYNAGOGUE Mr. Lawrence Kadoorie And Miss Muriel Gubbay OVER FOUR HUNDRED GUESTS ATTEND CEREMONY

THE MOST BRILLIANT AND OUTSTANDING WEDDING of the winter season to date in Hong Kong took place in the "Ohel Leah" Synagogue at four o'clock yesterday afternoon.

Approximately four hundred guests attended the wedding of Miss Muriel Gubbay to Mr. Lawrence Kadoorie, who were joined in marriage by Rabbi M. Brown, of Shanghai.

Miss Gubbay, who was presented at the altar by her uncle, Mr. C. S. Gubbay, is the daughter of the late Mr. David Gubbay, of Hong Kong, and Mrs. S. Gubbay.

The small smiling bride was attired in a simply cut white satin gown which was styled with long puffed sleeves, tight-fitting bodice, and a bias cut skirt, having a train.

Upon her dark hair she wore a halo head dress trimmed with orange blossoms. A three yard white silk tulle veil was attached to the halo. The bridal bouquet carried out the all white ensemble, and was composed of white cosmos and chrysanthemums.

The Matron of Honour attending the bride was Mrs. H. Nissim who was attired in Royal blue, her dress of two piece a lace tunic over a pleated georgette skirt, was complimented by accessories of the same blending colour.

The bridegroom is the son of Sir Elly Kadoorie, K.B.E., known for his benevolence and generosity to the people of Hong Kong and the late Laura Kadoorie. He was attended by his brother Mr. Horace Kadoorie. Both gentlemen were attired in formal afternoon suits.

Rabbi Brown, while performing the ceremony along Jewish traditional ritual mentioned the fact that the synagogue at which the marriage was taking place, had been made a gift to the Jewish Community of Hong Kong by the bridegroom's father, Sir Elly Kadoorie, and enumerated other no less important merits for which both families, now united in marriage, have been revered by the community.

A wedding reception was held in the Jewish Recreation Club, Robinson Road, after the ceremony. The buffet and cocktail party was nearly overcrowded with friends and acquaintances who joined in drinking to the health of the popular couple.

A toast in champagne to the bride and groom was proposed by Mr. E. M. Raymond which was warmly responded to by Mr. Lawrence Kadoorie.

## Round About

Along one of the side streets a group of children played about near an open candy and magazine stand. House boys and amahs stopped to chat or inspect the various merchandise for sale.

Several elderly Chinese sat near on stools or rocked on their heels in a scooped position. Sweets of various description lined the counter in neat rows, papers and magazines with their flamboyant covers swung in the breeze, and the shop-keeper dozed in a corner behind his wares.

One little urchin lurked behind a post of the street arcade. His playfellows unaware of his indifference to the game took little notice of him.

The little chap focused his eyes on the candy stall and quietly moved now and then from one side of the post to the other.

In the height of much chatter, laughter and playful yelps of his friends, the little boy slipped across the sidewalk to the stall. With a deft movement of his small hand he grabbed several pieces of sweet. Immediately the store-keeper opened his eyes, which met those of the little boy's popping over the top of the store counter.

Out into the street the stall salesman jumped, calling upon some being to perform vengeance upon the little thief!

The youngsters' mind clicked, as went his hand, and to his open mouth the candy entered the cavity.

Choking a bit and with a large smile on his dirty face, he ran down the street from the upraised hand of the shop-keeper,

A short honeymoon will be spent in Indo-China, after which Mr. and Mrs. Kadoorie will return and take up residence in the Colony.

Mr. Kadoorie is a Vice-Patron of St. John Ambulance Brigade, partner of Sir E. Kadoorie and Sons, Chairman of the Board of Directors of the Hongkong and Shanghai Hotels Ltd., and a Director of the Concrete Products, Ltd., Hong Kong and Whampoa Dock Company Ltd., Hong Kong and Kowloon Wharf and Godown Company Ltd., and China Light and Power Company.

He is also a non-official Justice of the Peace.

## Support Urged For Premier's "Unswerving Policy For Peace"

In a message to the Government candidate at the Walsall by-election the Colonial Secretary, Mr. Malcolm MacDonald, urging support for Mr. Chamberlain's "unswerving policy for peace," says the people of Britain have long realised there were certain features of the Versailles Treaty that would require revision.

"This should have been achieved long ago but though the League of Nations has succeeded in many directions it has largely failed as an instrument for peaceful and just revision of treaties."

"This was no reason why the world should be plunged into another great war to prevent the changes which are desirable, and which will remove some of the chief causes of friction in Europe."

"Such a foolish and disastrous war might well have been started had it not been for the Prime Minister's initiative in a fresh attempt at settlement by negotiation a few weeks ago."

The Government, he adds, is engaged in trying to build, in co-operation with other nations, the foundations of a surer peace in Europe. The task is difficult, it will take a long time to break down the prejudices and suspicions which have arisen between the peoples whose real desire is to live at peace together.

"It will require courage to face the critics who have no responsibility. It may even be that an attempt will fail, in which case, British Wireless.

### ELECTIONS IN AMERICA

#### NEW DEAL LOSE GROUND

New York, Nov. 9. The New Deal lost more ground than had been expected. The Republicans made sweeping gains throughout the country at the expense of the Democratic Party and independent parties and thus the Republicans are placed in a stronger position than it occupied at any time since the beginning of the New Deal, six years ago.—Reuter.

#### KENTUCKY RIOT

California, Nov. 9. The "Thirty dollars every Thursday" pension plan, according to incomplete returns, show 97,673 votes for the plan and 112,549 against.

Six persons are now dead and three are feared to be dying as the result of a Kentucky riot.—Reuter.

#### STATE OF PARTIES

New York, Nov. 9. The state of the parties at 1 p.m. G.M.T. was as follows:—House of Representatives:—Democrats 202; Republicans 120; Progressives 1; outstanding 109. Senate:—Democrats 65; Republicans 22; others 4; undecided 5.—Reuter.

### CHINA WITHDRAWS FROM WORLD FAIR

Chungking, Nov. 9. The Executive Yuan at its weekly meeting to-day, passed a resolution cancelling China's participation in the New York World Fair, 1939, because of insufficient time for preparation.—Reuter.

### VISIT OF KING CAROL

#### Political Event Of Importance

London, Nov. 9. The impending visit to London of King Carol of Rumania is described in to-day's "Daily Telegraph" as an event of special political importance.

King Carol will arrive here at the beginning of next week so that his visit will coincide with the unofficial visit of the King of Greece who is now in London.

The King of Rumania, says the "Daily Telegraph," will likewise be invested by King George with the insignia of Knight Commander of the most Noble Order of the Garter.

Considerable importance is attached to the fact that the three-day visit of King Carol will be followed by the arrival in London of Prince Paul of Yugoslavia.—Transocean.

#### M.C.C. DECLARE

Capetown, Nov. 9. The M. C. C. scored 189 for 8 wickets declared and dismissed the Western Provinces for 140.—Reuter.

(See also Page 10)

we must be ready for all eventualities.

"But I believe it will succeed if British democracy has the sanity and courage to support these supreme efforts to save peace and civilization," the letter concludes.—British Wireless.

### NEW GOVERNOR OF VICTORIA

#### Sir Winston Dugan Appointed

London, Nov. 9. The King has approved of the appointment of Major-General Sir Winston Dugan, K.C.M.G., C.B., C.M.G., D.S.O., as Governor of Victoria, Australia, in succession to Lord Huntingfield, K.C.M.G., whose term of office has expired. Lord Huntingfield has been Governor of Victoria since 1934 and was Parliamentary Private Secretary to the President of the Board of Trade from 1927 to 1928. Sir Winston Dugan has been Governor of South Australia since 1934 prior to which he was A.D.C. to the King from 1928 to 1930.—Transocean and Special.

### SIR E. IRONSIDE TAKES OATH

Gibraltar, Nov. 9. General Sir Edmund Ironside, the newly appointed Governor, landed at Gibraltar this morning and received a salute of seventeen guns. The Chief Justice administered the oath of office in the ballroom of Government House after which the keys of the fortress were handed over to the new Governor. Addresses of welcome were then offered from the different communities.—Reuter.

### TOKYO TIME IN HANKOW

Hankow, Nov. 9. The Customs House clock which is generally regarded as "Hankow's Big Ben" is now pushed forward one hour and register Tokyo time.

The former British Concession time still remains the same as Shanghai but it is understood that martial law will be enforced at 7 a.m. (Tokyo time) nightly instead of 9 p.m.—Reuter.

### Small-pox In Colony

#### WARNING ISSUED BY AUTHORITIES

The health authorities were notified on Tuesday of the first case of small-pox that has appeared this season. The case was from Victoria Registration District.

In consequence of this, the Director of Medical Services yesterday issued a warning to the public of the Colony to guard against the disease by early vaccination.

It has been demonstrated during the last outbreak of small-pox in Hongkong that revaccination should be carried out within two years, or at the most, three years, for the utmost safety. Such revaccination should be carried out with vaccine lymph prepared locally by the Government Bacteriological Institute.

Well over a million vaccinations have been performed in Hongkong this year, but there are many persons who are not sufficiently protected, and these are urged to make use of the facilities available as soon as possible.

On Tuesday, six cases of dysentery, four cases of diphtheria, three cases of enteric fever and one case each of cholera and cerebro-spinal meningitis were also notified.

### HOLLAND AND MEXICO

#### Severance Of Relations

#### OIL DISPUTE

London, Nov. 9. That Holland will break off diplomatic relations with Mexico in the near future is expected in London political circles, this view being due to the tone of the Note handed by the Netherlands' Legation in Mexico City to the Mexican Ministry of Foreign Affairs, in which Holland demands in peremptory tone restitution of the Dutch Oil Companies' property confiscated by the recent Mexican decree, or a revocation as far as the decree affects Dutch interests.

Since, however, the Mexican Foreign Office has refused to discuss the whole problem, it is believed that Holland will no longer maintain diplomatic relations with Mexico.

It is clear that in London business circles a development along these lines is expected to lead to a reconsideration of the whole Mexican question which, in the opinion of British firms interested, is the only step that would be of any practical use.—Transocean.

### 200 JAPANESE KILLED

Hotsch, Shantung, Nov. 9. Over 200 Japanese troops were slain and 30 Japanese army lorries were destroyed last Sunday near Lini in southern Shantung when a Japanese detachment was attacked by a combined Chinese regular and guerrilla force. The remnant Japanese fled into Lini city.—Central News.

### EXPERIMENTAL AIR MAIL SERVICE

#### Across North Atlantic Soon

London, Nov. 9. The Air Ministry announces that an experimental air mail service across the North Atlantic will, it is hoped, be started as soon as the seaplane base at Botwood, Newfoundland, is free from ice next spring.

Inauguration of the experimental service will depend upon the results of air refueling trials to be carried out in the meantime by the Cabot, one of the strengthened Empire type of flying boats now under construction and which will be ready to begin the makers' trial in the beginning of December.

Further flying tests, consequent on the recent modification of the Albatross hand planes, which are also being prepared for trans-Atlantic service, are being carried out.—British Wireless.

### FAST PLANES FOR EGYPT

London, Nov. 9. Fast Army co-operation and general liaison aircraft are being supplied to the Egyptian Government in fulfillment of the contract recently included within the framework of the Anglo-Egyptian Treaty of 1936. The machines concerned are Westland Lysander high-wing monoplane resembling those supplied to the Royal Air Force. The first batch has already been delivered to Egypt.

The remainder of the order is due for completion by the end of this year. A notable feature of the Lysander's performance is its capacity for flying at high and low speeds. Its comprehensive equipment fits it to undertake many and diverse missions, including bombing, observation, reconnaissance and aerial photography.—British Wireless.

### NO LEAFLETS DROPPED

#### Chinese Attack On Aerodrome

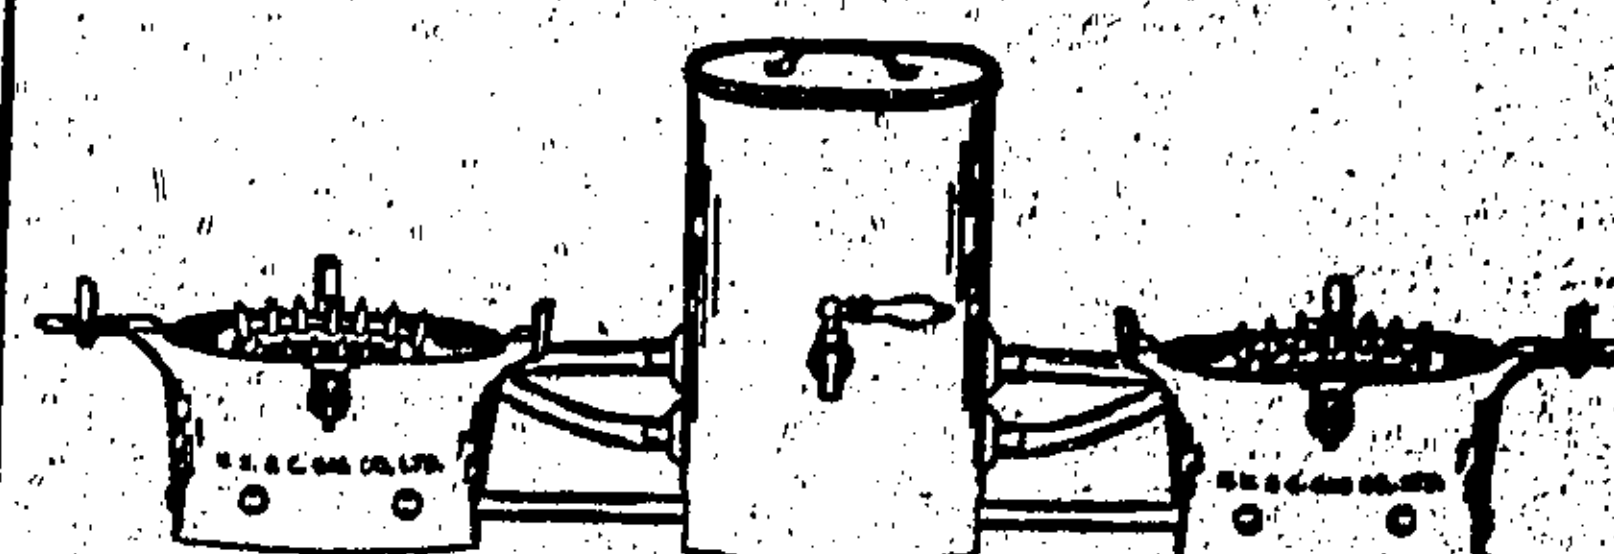

(From Our Own Correspondent)

Canton, Nov. 9. Exhaustive inquiries have failed to explain the origin of the reports, appearing in Hongkong, that Chinese planes dropped leaflets when they bombed the Japanese planes at the White Cloud aerodrome.

Efforts to obtain one of the leaflets alleged to have been dropped proved unavailing.

Eye-witnesses of the attack by the Chinese planes state that no Japanese planes rose to meet the attackers, who came from and departed in a northwesterly direction.

## Chess And Chess Players In The Far East

### PROSPECT OF CONGRESS PARTICIPATION

(SPECIAL TO "THE HONGKONG DAILY PRESS")

Mr. K. M. A. Barnett, the Police Magistrate at Kowloon Court, is leaving for Home by the P. and O. Ramona on Saturday. He will be away nine months. Being the popular Captain of the Kowloon Chess Club, Mr. Barnett will be as sorely missed in Colony chess circles, as is Mr. Victor B. Rush, the Colony champion, whom Mr. Barnett intends to meet in England.

Should Mr. Rush decide to participate in any chess congress in England, Mr. Barnett intends also to play. Although he will reach England too late for the Hastings Christmas congress, Mr. Barnett may participate with Mr. Rush in the Margate Easter congress or in one of the several other congresses that will be held in England next year.

When Dr. Alekhine, the world champion, played a simultaneous exhibition in Shanghai a few years ago, he spoke well of the standard of chess on the China Coast, saying that it compared favourably with the standard of play in a good-sized university town in Europe.

There are many reasons why our best players have as yet not been able to confirm the grand master's impression of them.

#### CHESS-FULL EXISTENCE

Many never leave China until they have already passed the heyday of their enthusiasm for the game. Others live a chess-full existence here in the East, reserving their holiday at home for other forms of relaxation.

Many while away the long sea journey home at chess. By the time they have emerged champions of the liner they are travelling by, they have had more than enough of the game for a month or two.

An exceptional case was a gentleman, a well-known figure in chess circles in Shanghai and in Tientsin, who played all the way to Australia. At Sydney he entered the Australian championship. Admitted to the Premier Reserves Section, he finished second. Later, he won third place in a "lightning tournament" at which all the champions of Australia participated.

Among the players this gentleman met in Australia was G. Kohn.

## NAVY'S FINE WIN

### Club Beaten At Rugger

Scoring a goal in the opening minutes of the game the Club looked as though they would beat the Navy in their Rugby football match at Happy Valley yesterday.

This impression was confirmed when the teams crossed over with the score sheet unchanged. The Navy, however, were not to be denied and after the interval they scored three tries to win by nine points to three.

The game was rather scrappy and not quite up to First Division standard. Heath scored for the Club, Oliphant adding goal points. Scorers for the Navy were Lieut. Webster (2) and Ldg. Tel. Kelly.

The teams were:—  
CLUB: G. Low, H. F. Hopkins, H. D. Bidwell, H. van Leeuwen, K. A. Munro, G. S. Wilson, R. Rutherford, R. E. H. Nelson, J. S. Dunnett (Captain), B. Hynes, R. G. L. Oliphant, C. M. Stark, H. W. E. Heath, W. A. Johnston and T. H. Pratt.

NAVY: A. B. Knapman, Surg. Lt. Ellis, Lieut. Talbot, Lieut. Edwards, Mid. Dobbs, L/Tel. Kelly, Lieut. Webster, E. A. Erridge, Lieut. Fawkes, Lieut. St. John, Lieut. Anderson, L/S. Duke, L/Sig. Penny, Sig. Knight.

## KOWLOON GOLF RESULTS

Results of play at Kowloon Golf Club during the week-end were as follows:—  
Qualified for Captain's Cup Competition: W. A. Stewart with a score of 75-8-87 and W. A. Ahern with a score of 76-8-88.  
Qualified for match play in the Club Championship:—  
W. C. Simpson v. W. A. Ahern, T. D. Paton v. A. A. Lopes, T. Lamb v. J. D. Thomson, G. F. Murphy v. W. Groves, E. F. Fletcher v. T. R. Low, W. Bastin v. E. Christensen, W. A. Stewart v. S. Jee, J. McKelvie v. A. L. Eastman.  
The teams are submitted according to the draw.

## SOFTBALL NOTES

### Full Week-end Programme

BY R.O.Y.

In addition to three league games four practice matches were played on Sunday last; the U.S.S. "Tulsa" in trouncing the Central British Association, by 17 runs to 4, gave the best exhibition of ball playing seen in Hongkong this season and showed that they would probably be much too strong for the Colony's best.

The Filipino Club entertained a nine from the Yacht "Castana" and lost to their compatriots by 8 runs to 2; Amper, No. 1 Filipino pitcher, was host at a party, in the clubhouse before the game.

The "Cardinals," ably coached by Sammy Wong and George White, scored an easy win over the Central British Ladies by 13 to 4. Feature of this game was the effective work of the Redbirds battery of Addie Greiner to Marie da Rosa. On the Filipino Club ground, a scratch Chinese Girls team humbled the Panthers by 16 runs to 3; the winners included in their lineup Mrs. Charlie Horton, manager of the Panthers.

### CANADIAN CHINESE: 24

### TROJANS: 4

The Canadians, much improved by drastic changes made in their lineup, inflicted a terrible beating on the Trojans who staged a complete reversal of form to give an extremely disappointing display. Every member of the winning squad got hits to bolster their batting averages, but Al Lau and Nazarin were the only ones to shine in the field. Gee Gee Lee was responsible for some aggressive base running. For the losers, F. Barros, Aquino and Souza showed good form without being brilliant.

### MIDGETS: 4 ST. JOSEPH'S: 1

In the schoolboys' derby, St. Joseph's gave their best display this season to hold the Midgets to a 3 run margin, committing the only fielding error of the game and allowing the opposition to score but 4 runs on 13 hits. Herbie Quon turned in a typical pitching performance for the winners; Cray, Chang, Lau and Wong were the best of a very even team. For the losers, Leonard, on the mound, pitched steady ball and went the full distance. Neves, Hollands and Singh were outstanding, while the others showed improved form but were unfortunate to be up against one of the strongest teams in the competition.

### ENGLISH FORUM: 10 CLUB: 5

The English Forum retained their unbeaten record, to keep pace with the League leaders, when they trounced the Baseballers in the last game of the day. The 5 run margin was not a true indication of the run of the game, as the losers held a 3 run lead up to the 5th stanza, when they staged a balloon act to allow the Forumers to garner 8 runs on half as many hits. Yum, Chung and Kitchell formed the backbone of the winning side, giving valuable support to Hurler Bill Quon.

Of the Baseballers, Heather substantiated his rating of Hongkong's premier 1st baseman. Rusty Fedoseyeff turned in an excellent pitching performance in his first appearance on the mound and Big Bill Cunningham took batting honours with three dinks in 3 times at bat.

McWood, the well-known cricketer and jockey.

## MACAO RACE MEETING

The November meeting of the Macao Jockey Club, which has been advanced one day from November 13 will take place on Saturday, November 12, as announced.

In connection with the "Governor's Cup," the 8th race on the programme, and the main event of the meeting, a \$1 Special Sweep is being conducted. The demand of this popular Sweep, it is understood, is very great, and a record sale has already been established. A chance on this Sweep is included in each through ticket, the cost of which is \$7 per set.

Owing to the general holiday to-morrow, the offices of the Club, 2nd floor, Gloucester Building, will remain open until 1 p.m.

## ENGLAND'S HIGH SCORE AGAINST SOUTH AFRICA

Capetown, Nov. 8.  
The M.C.C. tourists opened their South African tour to-day with a two-day match against the Western Provinces Country Districts at the Strand.

During the day's cricket, the Englishmen scored 539 for eight wickets.

Eddie Paynter, of Lancashire, was in aggressive mood, scoring all round the wicket to make 193 in 154 minutes. He hit five 6's and 18 boundaries, and with Leonard Hutton, who gave a classic display of legshots and cutting in making 88 in 102 minutes, added 157 for the second wicket. Hutton hit three boundaries.

Walker Hammond, the captain of the team, scored 106 in 115 minutes in an innings featured by effortless driving and pulling. He hit four 6's and seven 4's.

B. H. Valentine had a breezy knock of 69 in 44 minutes, his chief scoring strokes being four 6's and three 4's. Hedley Verity was not out at close of play with 66.

Repley.

## RICHARDSON BACK FROM LEAVE

H. Richardson, the former Colony cricket captain, returned to the Colony from home leave yesterday. He was looking very fit and when he saw him on the m.v. he said he would not be playing cricket for some time. Taking to him on board was J. M. Wood, the well-known cricketer and jockey.

## PHILIPPINE MINING REPORTS GOOD

### Increased Production; Excellent Earnings

Favourable reports on operations and development work are features of news of the Philippine mining industry for the week ended November 5. Increased production is reported by the Benguet Consolidated group of mines; San Mauricio has reached a new record output, while the Soriano interests announce satisfactory quarterly earnings. Of importance is the fact that mills of new mines are reported to be starting operation and progress is being made on the installation of others. On the whole, exploration work on many mines continues to reveal good values.

#### Benguet Consolidated

Benguet Consolidated Mining Company and its allied companies reported increased monthly production for October. The total tonnage of ore treated by the four Benguet producers for October was 83,531, valued at Pesos 2,239,551.52, or about Pesos 100,000 more than last month's production of Pesos 2,140,328.38.

The individual production of the four allied companies follows:  
Tons of Ore Total Value  
Balatoc Mining Company 37,553 1,052,506.56  
Benguet Consolidated Mining Company 33,008 959,067.44  
Cal Hor (B. C. M. Co.) 6,686 114,457.54  
Ipo Gold Mines, Inc. 6,304 103,519.98  
Totals 83,531 2,239,551.52

#### Antamok

Antamok Goldfields produced Pesos 365,533.44 during October, from the treatment of 24,803 tons of ore.

#### Masbate

Masbate Consolidated treated 76,804 tons of ore during October, from which Pesos 424,435 was recovered.

#### Benguet Exploration

Benguet Exploration recovered Pesos 21,441.98 from the treatment of 3,254.9 tons of ore in October.

#### Atok

Atok Gold Mining Company reported that the October production from the Big Wedge mine was Pesos 140,696.54 from 6,405 tons of ore treated.

#### Marsman Mines

For the second consecutive month the San Mauricio Mining Company established a new high gold output in October. Marsman interests report, San Mauricio produced Pesos 440,188.51 from 9,332 tons of ore treated, again more than Pesos 60,000 over the September results.

United Paracale also established a new monthly high with an output of Pesos 227,382, a gain of about Pesos 2,000 over the previous record.  
The total output for the four lode and two placer mines under Marsman management was Pesos 1,302,605.75, from 58,143 tons of ore milled and 394,591 cubic yards of gravel dredged.

The Coco Grove production for October was in excess of the estimate based on the low-grade ground being worked according to plan. Both dredges are now approaching ground of a high value tenor and an increase in production is expected accordingly.

#### Soriano Mines

Earnings of the three gold producing mines of the Soriano interests for the three months ending September 30, 1938, totalled nearly Pesos 1,400,000. The figures were exclusive of depreciation and ore depletion. Antamok Goldfields earned Pesos 519,927.16, or Pesos 0.189 per share. Masbate Consolidated showed an earning of Pesos 447,022.44, or Pesos 0.0894 per share. IXL earned Pesos 428,133.35, equivalent to Pesos 0.285 per share.

#### Mindanao Mother Lode

Net operating profit of Mindanao Mother Lode during the third quarter, after depreciation and operations, amounted to Pesos 126,537.80. During the period, that is, for the months of July, August and September, the company produced 13,988 tons of ore. A total of 2,374 feet of development work was accomplished, of which 1,266 feet was capital development, 410 feet exploration and 698 feet operating development.

#### Demonstration

Demonstration Gold Mines Ltd. produced Pesos 144,385.72 during October from the treatment of 9,002 tons of ore.

#### Treasure Island

Milling operations at the 100-ton plant of the Treasure Island Mining Company on the island of Lahuy are now well under way, officials of the Pan Philippine Corporation, managers of the property, announced last week. Pan Philippine is operating Treasure Island on a 60-40 profit sharing basis. The plant itself is considered modern and up-to-date in every respect.

#### Paracale Mining

Paracale Mining Development Company started running its mill on November 1. The mill had two trial runs, and was found satisfactory. The management has tentatively set the formal inauguration of the mill for November 17 or 18.

#### Lepanto Consolidated

An increase in the value of Lepanto Consolidated Mining Company's copper ore has been reported. In the past few months, the price of copper has advanced from around \$0.8 per pound to \$1.14 per pound. This means a gain in value of approximately Pesos 1.40 for each one per cent of copper in the ore. As Lepanto is now milling ore assaying around 3 per cent the value of the ore has increased from Pesos 9.50 to Pesos 13.80 per ton.

#### Associated Mines

Associated Mines is doing extensive exploration work in its mining properties in Catanduanes, sub-province of Albay. A vein of copper ore was reported discovered in the claims of the company. It is said that this vein may prove to be very valuable as the percentage of copper in it increased from 5.5 per cent to 10 per cent for every 5-foot advance.

## RECONSTRUCTION OF SIKONG

### Government Plan Now Under Way

Chengtu, Nov. 9.  
For increasing and strengthening economic production and utilizing the natural resources of Sikong, a government plan for that new province will be established soon.  
A highway to connect the Szechuen border with Kangdan, important point in Sikong, will be completed at the end of this year.  
Mr. Yip Shou-fung, member of the Executive Yuan and Chairman of the Sikong Reconstruction Committee, arrived in Chengtu recently from Sikong en route to Chungking. He will submit the budget of this new province for 1939 and will discuss with Central Government authorities reconstruction problems of that province.  
Technicians who accompanied Mr. Tai Chi-tao, President of Examination Yuan, on his recent investigation tour in Sikong, have obtained facts and data which will be valuable reference for the development of Sikong—Our Own Correspondent.

## SILVER FROM SIAM

### Large Shipments To America

Imports of silver into the United States during the week ended October 21 were valued at \$11,882,900 compared with \$5,834,000 the previous week.  
The main exporting countries were—

Siam	\$9,791,000
Netherlands	43,000
Britain	451,000
Yugoslavia	3,000
Canada	89,000
Guatemala	1,000
Honduras	68,000
Nicaragua	2,000
Salvador	1,000
Mexico	915,000
Newfoundland	67,000
Argentina	22,000
Bolivia	8,000
Chile	7,000
Peru	321,000
British Malaya	63,000
Philippines	31,000

Commenting on the large Siam imports, the Siamese Legation in Washington stated much Siamese silver coin was being shipped to San Francisco, the proceeds being used to buy gold from the United States Treasury.

## SURVEY OF WORLD ECONOMY

World economy as a whole has so far shown a relatively high degree of resistance to depressive influences.  
This encouraging feature is brought out in this year's annual volume of "World Production and Prices," issued by the Economic Intelligence Service of the League of Nations.  
As compared with 1929, it appears, world primary production in 1937 was 10 per cent higher, the improvement being chiefly evidenced in raw material as opposed to foodstuffs. Concurrent increase in world manufacture was about 20 per cent.  
On the other hand decline in the international exchange of commodities was reflected in a decrease of 3 per cent in the quantum of world trade.

## TRADE CONTROL IN YUNNAN

The Futen Bank, a government organization, has established a trade control office in Kunming (Yunnan) with a view to controlling imports and exports of exchange.  
Foreign consuls some weeks ago were informed "by the Foreign Office that trade control would apply only to cotton goods, oil and foreign construction materials, but in reality it applies to all kinds of goods entering and leaving Yunnan province."

## ATLANTIC AIR MAIL NEXT SPRING

The Air Ministry announced yesterday that the experimental air mail service across the North Atlantic will, it is hoped, be started as soon as the proposed Newfoundland mail airplane base is built from the next spring—Belfast.

New York, November 8.

### SINGAPORE RUBBER

JAN-MARCH	29-1/8	29-3/8	29-1/4
APRIL-JUNE	29-1/4	29-1/2	29-3/8

The market opened 1/8 of a cent higher for all deliveries as compared with Monday's closing quotations.

In response to better advices received from London and New York the market ruled steady throughout the session. Good enquiries for "actuals" influenced fair buying interest in forward positions for trade and speculative accounts, the market disregarding the uncertainties surrounding the quota-decision by the I.R.R. Committee on the 15th inst.

After some business having been transacted at quoted rates, prices registered a further advance of 1/8 cent for all deliveries on persistent additional buying which was chiefly attributed to trade accounts.

Closing tone was very steady.

Shipments of Native and Estate Rubber from the Dutch East Indies during October amounted to 30,495 tons as against 20,538 tons for September and 23,631 tons for August, whilst Exporters' Stocks of Native Rubber at the end of October totalled 12,604 tons as against 15,000 tons on September 30 and 14,000 tons on August 31, 1938 respectively.

## LARGEST STEAM GENERATOR

The largest steam electric generator ordered by the electric power and light industry in the United States since 1931 has been ordered by the Central New York Power Corporation, a subsidiary of the Niagara-Hudson Power Corporation.  
The turbine-generator will be built by the General Electric Company and the accompanying steam generating boiler by the Babcock and Wilcox Co. The generator will be erected at a new station of Oswego, New York. The completed plant will cost about \$5,500,000.  
It will be one of the most efficient steam electric stations in the world, and is expected, under full load, to produce a kilowatt-hour of electric power for every 0.85 pound of coal burned.

## CHINA'S PLANE FACTORY

The aeroplane factory which the Chinese authorities have established with foreign help in Yunnan Province will be able to turn out two planes a day, or 60 planes a month, it is learned on good authority.  
The factory, it is stated, is constructed in the side of a mountain and employs no fewer than 10,000 workmen. These men are under the direction of 80 American, French and Czech experts.

## BOWLS MATCH AT YACHT CLUB

### Governor's Team Defeated

A close match was witnessed yesterday afternoon when the Royal Hongkong Yacht Club defeated a team skipped by His Excellency the Governor, Sir Geoffrey Northcote, by two shots in a friendly lawn bowls game at the Yacht Club green.

Scores were as follows:—

**H.E. THE GOVERNOR'S TEAM:**

## RAILWAY BOND-HOLDERS ARE HARD HIT

(Continued from Page 1)

activities, and no authentic reports on the state of the line can be obtained either by the British or the representatives of the German groups which are interested as to two-thirds of the entire trunk line.

### TSIN-PU GOLD-MINE

British circles in both Shanghai and London are intrigued by a report from the Tokyo semi-official Domei news agency that through traffic on the Tientsin-Pukow Line would commence as from November 1. This railway was regarded as a gold-mine on account of the able Chinese administration in charge before the present hostilities; the security was regarded as being sound in the City. Since the railway went out of the control of the Chinese, all payments of loan service have been stopped. The British associate chief engineer and the German associate chief accountant have not been allowed to return to the railway to carry out their duties.

The Shanghai-Nanking Railway is one of the lines which is mortgaged in its entirety to the British and Chinese Corporation as Trustees for the British bond-holders.

Prior to the hostilities, the financial status of the line was such that negotiations were concluded for additional rolling stock, etc., and for doubling part of the track. The Japanese are reported to be running a service on this railway but the British chief engineer of the line has not yet been granted, as far as we can ascertain, an official pass to make an inspection of the line.

### FARES IN YEN

Reports of travellers on the Shanghai-Hangchow-Ningpo Railway, the earnings of which are hypothecated to British bond-holders, state that payment of fares is now made in yen. The second-class ticket from Hangchow to Shanghai costs 5.70 yen. In spite of representations, however, not one penny of the earnings of this railway have come into the hands of the interests concerned for payment to the British bond-holders.

With the extension of hostilities to south China, the Canton-Kowloon and the Canton-Hankow Railways have become affected in that normal traffic is impossible. The interests involved in the Canton-Hankow Railways are wider than in the other railways since the groups represented include the American, French, and German financial circles, as well as British.

Now that most of the railways have been taken over by the Japanese, comment in City financial circles can be summarised in the sense that it is felt that the time has come for the British Government to formulate a policy for safeguarding the interests of British holders of bonds secured on the railways in China.

The Combined Services will oppose the Rest of Hongkong in an Armistice Day football match tomorrow, the proceeds from which will be donated to Red Cross Poppy Day Fund.  
The venue of the game will be the Hongkong Football Club, and the kick-off will be at 4 p.m.
